

PLEASE CONSIDER THAT I/WE DEPEND ON SATELLITE RADIO FOR ABOUT SIX MONTHS OF THE YEAR TO GET NEWS, WEATHER AND CERTAIN PROGRAMS AND MUSIC THAT ARE OF INTEREST TO ME/US. WE VACATION IN LEE VINING, CA FROM JUNE UNTIL OCTOBER. THE ONLY CLEAR RADIO SIGNAL WE CAN GET THERE IS AN FM STATION 30 MILES AWAY. MOST OF THE AM STATIONS ARE TOO FAR AND THE SIGNAL IS SEVERELY RESTRICTED BY THE PROXIMITY OF HIGH MOUNTAIN RANGES THAT ARE VERY CLOSE TO LEE VINING. WE BOUGHT A SATELLITE RECEIVER DUE TO THE POOR RADIO SIGNALS IN THE AREA. NOW, IF YOU LIMIT THIS FANTASTIC TECHNOLOGY, IT WILL IN MY/OUR OPINION NOT ONLY BE UNFAIR TO US AND THE SATELLITE BROADCASTERS, IT IS PROBABLY UNCONSTITUTIONAL FOR YOU TO TAKE SUCH ACTIONS.

THANK YOU FOR CONSIDERING OUR CONCERNS.

ROBERT E. AND JUNE M. JOHNSON
